SPECIALTIES . . .

Pansies

CHOICE PLANTS

EXCEPTIONALLY FINE, LARGE FLOWERING

Not much need be said about our Giant Pansies as they sell themselves on sight in the Spring. To those who cannot come out to enjoy their loveliness and yes, sometimes even do their own digging, we just want to mention that all our Pansies are grown from Originator's seed.

Out of continuous trials we have selected some few varieties as most suitable for this area. They are the very best kinds from three of the finest sources of seed growers. Consisting of Steele's Mastodon Jumbos Mixed, Steele's Super Swiss "400" Mixed, Vaughan's Super Swiss Giants Mixed and Clarke's Hybrid Blend, we have combined and named them:

"BEHNKE'S SPECIAL BLEND"

TRANSPLANTED—Fieldgrown—in bud or bloom. Strong healthy plants, really clumps:

EXTRA SPECIAL STRAIN

Dozen \$2.00

Full description on page 2.

Hardy Lilies

"STATELY" was the word for Lilies, but now we are inclined to call them "INTRIGUING." With so many dazzling new varieties introduced, we just went overboard and came up with more and better hardy lilies than ever before. They certainly do something for your garden. So don't miss description on page 9.

African Violets SAINT PAULIA

We were devoting more and more time to the culture of these lovely plants with the result that these shy little Violets seem to be taking over our place. We are proud and grateful for the continued interest shown by our friends and Violet lovers which spurs us on to always be on the lookout for the latest, best and rarest.

It is a great pleasure, therefore, to now introduce some of our own:

BEHNKE BOY: Giant sized light blue wide spread blossoms borne in clusters on long erect stems. Foliage large round beautifully crested, and quilted.

FANTASY: Blossoms light lavender, rayed, splashed and dotted with deep purple. Pointed Blue Bird foliage.

LADY CONSTANCE: Extremely large deep purple blossoms. Could be called "Purple Prince Supreme."

RED PRINCE: Reddish-pink blossoms. Unusually compact light green quilted foliage.

We hope to have some of these to sell by Autumn. See Page 18 and 19.

Annuals . . .

and Bedding Plants - potted

All of our Annuals are transplanted, sturdy, healthy plants either in plant bands or pots, and should not be confused with plants out of flats.

Petunias

FOR ALL PURPOSES

Choice Selection of Small Flowering, Large Singles, Fringed and Plain Edged

Ball's Dwarf Giants No. 2. Velvety crimson to delicate pink. Mixed. Doz. \$2.00

Black Prince. Rich red.

TUBEROUS ROOTED *Shade/Part Shade*
BEGONIA—California Giants. True Orig-
 inator's stock.

Double Camellia Flowered. Again we se-
 cured from Vetterle & Reinelt these
 famous American-raised tuberous rooted
 begonias. Do not confuse them with
 European-grown tubers which are so
 much smaller and not as profuse. The
 plants offered here come from tubers
 2½ to 3 in. across. We suggest you try
 them as a porch box display, in window
 boxes, as potted plants, or set out in a
 shady, moist nook and you will be de-
 lighted with a profusion of gorgeous
 camellia-like blossoms all through the
 summer till late fall. TRULY MAGNIFI-
 CENT!

California Giants—Dazzling colors. Mixed.
Each \$1.35

CHOICE PLANTS—TRIED AND PROVEN—MOST SUITABLE FOR THIS CLIMATE

TO OUR CUSTOMERS AND FRIENDS: People who have purchased plants from us know that as far as quality is concerned, Behnke's plants are absolutely tops. We never compromise with quality and you are assured that when you come to us you will get the finest stock obtainable, large in size, healthy and strong.

All our Perennials are dug with the soil left on them as much as possible. We sell transplanted field-grown plants only.

There Is No Comparison Between the Prices of Our Plants and Those of Bare-Root or Potted Plants!

AETHIONEMA—Persian Candytuft *Sun-Rock*
Warley Rose. Charming rose-pink flowered rock plant. Silver-green foliage. Evergreen. Blooms May and June. 6 in.
Each 50c, Three \$1.35

Frikarti. A fine perennial for rock garden, border or perennial bed. Lavender-blue flowers, 2 to 2½ in. across, blooming continuously from early June till end of November. Light shade or full sun. 2 to 2½ ft. TRY IT! We highly recommend it.
Each 65c, Three \$1.75

Alpellus-Triumph. Blue daisy-like flowers. Dwarf. Sun. June & July. 8 in.
Each 50c, Three \$1.35

ASTILBE—Spirea *Sun/part shade/full shade*
Ornamental hardy plant. Delicate glossy, fernlike foliage, attractive all summer. Ideal for shady, damp places, but also good in sun. Requires moist rich soil. June and July. Feathery 1½ to 2 ft. spikes.

Bremen. Dark pink.

Deutschland. Pure white.

Gloria. Dark rose.

Rheinland. Bright crimson.

Fanal. Brilliant, deep garnet red.

Europe. Lovely feathery pink spikes.

Etna. Glowing carmine red.

Each 65c, Three \$1.75

Delphiniums

Everblooming—Sun or Part Shade

Delphiniums undoubtedly belong to the most graceful, elegant perennials and yet they are not grown as profusely as they deserve to be.

FOR BEST RESULTS plant them in groups of six. Choose any kind of location but they do want a rich well-drained soil.

Delphiniums are relatively easy to raise and under proper care they should grow to a height of from 5 to 7 feet. The lovely shades of blue, purple, pinkish to white create a charming color effect and they make wonderful cutflowers.

PACIFIC GIANT HYBRIDS—Mixed

Extra large flowers in singles and doubles. A most vigorous and robust strain in light blue, dark blue, pure white, etc.

Lavender Pastel Shades (Pacific Giants)

Color range from light lavender to deep smoky lavender, generally of two-tone combinations with brown or black bees.

Blue Bird. A clear medium blue with white bee. Huge, tall spikes.

Galahad Series. Clear white of enormous size.

King Arthur. Brilliant royal violet with large white bee.

Belladonna. Light sky-blue. About 3 to 4 ft. tall, more flower spikes than other strains.

Bellamosa. A dark blue form of Belladonna. 3 to 4 ft.

Each 55c, Three \$1.50

CAMPANULA—Bellflower

Sun-Rock

Carpatica. Blue carpet. Dwarf, clear blue. 6 in.

Persicifolia. Telham Beauty. Large mauve cup shaped flowers. 3 to 4 ft.

Each 50c, Three \$1.35

CARNATION—HARDY

(See also Dianthus)

Sun

All like rather poor and dry soil. Good cutflowers. New English Cottage Carnations.

Lucia. Salmon pink, everblooming.

Cheerfulness. White with crimson center. June and later. 12 to 15 in.

Dubonnet. Purple-crimson. Blooms off and on all summer.

Wallace Red. Glowing crimson. 12 to 15 in.

Hardy Border Carnations — Grenadines

Mixed. Bloom early. Beautiful colors mixed, red, yellow and maroon, white, etc.

Each 50c, Three \$1.35

CHRYSANTHEMUMS—See Page 16.

CIMICIFUGA—Snakeroot, Bugbane

Shade

Racemosa. White. Summer. 4 to 6 ft. Shade.

Each 50c, Three \$1.35

COREOPSIS—Tickseed

Sun

Auriculata nana. Dwarf. Golden-yellow. May to Sept. 12 to 15 in.

Baden Gold. Giant golden yellow flowers, all summer. 2 to 3 ft.

Double Sunburst. Good cutflowers. Orange golden. 2 ft.

Each 65c, Three \$1.75

DIANTHUS—Hardy Garden Pinks

Sun-Rock

Like rather poor sandy, well-drained soil.

Bobby. Deep pink, crimson center. Fragrant. Very good. May till frost. 6 to 10 in. Everblooming.

Each 50c, Three \$1.35

Mrs. Dina Weller. Lavender-pink with orchid ring in center. Late May and June.

Each 55c, Three \$1.50

Tiny Rubies. Rose pink. Very compact and round. 4 to 5 in.

Each 50c, Three \$1.35

DIANTHUS PLUMARIUS (Scotticus)

Sun

Clove or Grass Pinks. Old-fashioned. Will bloom off and on all summer. Spicy.

Little Jock Hybrids Mixed. Many-hued tints of pink, rose and white. 6 to 8 in.

Spring Beauty Mixed. Large flowered carnation like. 12 in.

Each 50c, Three \$1.35

Eremurus Robustus

A most astonishing hardy bulbous plant. When well established, giant flower spikes reach a height of from 5 to 8 feet. Light rosy pink blossoms cover one-third to one-half of the giant stem. The roots are really something worth seeing. They do well in sunny, well drained location. Come and see it bloom.

Each \$2.50

Fall Delivery Only!

Phlox Decussata

HARDY SUMMER PHLOX

Full Sun

Their dazzling colors have stopped many a car on the Washington-Baltimore Boulevard and drawn them in for a closer view—and this in July and August, too.

People from all over the country come and proclaim that they have never seen the like in brilliant bright red, pink, purple, snow white, watermelon pink, etc. They usually end up by taking home one or more plants to brighten up their own gardens during those hot months when it is more difficult to keep Perennials blooming.

Why not try a few yourself? Plant them and you'll have a magnificent show.

Choice Varieties:

Border Gem. Purplish blue.

Border Queen, Watermelon pink.

Charles Curtis, Sunset red. New.

Chesapeake. Pink.

Flash. Carmine crimson.

Fairy King. Soft lavender.

Albert Leo Schlageter. Scarlet red.

Hybrid Rhododendrons

OUR RHODODENDRONS MUST BE SEEN TO BE APPRECIATED
IMPORTED DIRECT FROM HOLLAND

These fine specimen plants we are proud to offer you as an outstanding value. They are beautiful, low branched bushy 5- and 6-year-old plants, have survived severe winters and dry summers out in the open. Some show buds **READY TO BLOOM THIS SPRING**. Rhododendrons being scarce, we were fortunate in securing an excellent selection, many varieties in all colors, from deep red, purple, white, pink to lilac, etc.

Hybrid Rhododendrons can be planted in full sun or part shade. They have a tendency to grow leggy and spindly if planted in too shady a location.

For Your Convenience
We have specially prepared
SOIL FOR RHODODENDRONS

75c per ½ Bushel—1 Bushel, \$1.40

Peat Moss 65c ½ Bushel, 1 Bushel \$1.10

We Recommend:

Mix your soil with Michigan Peat—½ bushel per plant—and provide good drainage. Be sure not to plant too deep. Rhododendrons are shallow feeders. Mulching with decaying oak leaves will provide the proper acidity. **ALSO** add some compost as food for good growth and bloom. Water frequently in dry weather.

CONTROL OF RED SPIDER

Sprinkling of the leaves—**top and bottom**—during the summer months keeps the Red Spider under control and greatly benefits the plants.

Rhododendron Guarantee:

Refund 50% purchase price or replacement at half price.

Superb Varieties

YOUR CHOICE

Caractacus.

Warm crimson with a tinge of purple throughout. Free-flowering.

Catawbiense Album.

Good white. Slight tint of pink. Fine foliage.

Catawbiense Boursalt.

HARDY CLEMATIS

The Aristocrats of Climbing Plants

Beautify Your Garden with This Unusual Plant

A FEW LARGE FLOWERING CLEMATIS IN YOUR GARDEN will take very little room and care and will grow in part shade or on north side of the house. **BE SURE TO ASK FOR PLANTING INSTRUCTIONS.**

ENGLISH HYBRIDS—Large flowering, choice selection and varieties.

DUCHESS OF EDINBURGH—One of the finest double white, similar to a Gardenia. Good for pillar treatment. Blooms on year old wood. Prune only dead wood in late February or March.

HENRYI—Extremely large rare white. Flowers 8 in. across. Climbs 8 ft. Noted for its quality of bloom rather than quantity.

JACKMANI—Rich violet purple. Most popular. Often 10 ft. Blooms entire summer and early autumn. Cut back plants 3 ft. in order to encourage strong new wood.

JACKMANI RUBRA—A bright red variety of Jackmani. Free-flowering.

LADY BETTY BALFOUR—Velvety purple. All summer. In early spring it should be cut back half way to get the full value of its beautiful blossoms.

LANUGINOSA CANDIDA—Immense glistening white flowers.

LAWSONIANA—Extremely large blossoms, shiny blue, flushed mauve. June to Sept.

LORD NEVILLE—Plum colored velvet. Average height and long blooming season.

MME. B. VEILLARD—Medium size lavender rose. 10 to 12 ft.

MONTANA RUBENS—Small-flowered. Chinese. Rose pink, 1-2 in. across. Rich dark foliage. 10 to 15 ft. tall. Late May-June. Particularly adopted for growing on walls. Most vigorous. Blooms on year old wood, so do not prune, except to remove dead wood.

NELLY MOSER—Pale mauve and white petals with red bars. A rare beauty. Profuse bloomer and sturdy.

RAMONA—Beautiful lavender blue. Exceptionally good. Blooms during the summer months.

THE PRESIDENT—Gorgeous reddish violet blossoms. Blooms freely the entire length of its 10-foot vines.

VILLE DE LYON—Abundance of carmine red flowers. July to Sept. 8 to 10 ft. Rare and luxurious.

Each \$1.75, Three \$4.50
